- If pax wish to visit business offices during their trip, they can get the Singaporean business partner to apply for a pre-approved business pass with the Ministry of Trade and Industry. Visitors on said pass will be tested on arrival and must quarantine until negative results are obtained. Other conditions vary as each pass is issued on a case-by-case basis.
- Alternatively, if they are traveling to meet with business partners and the meetings do not need to be held on-location, they can opt for the new Connect@Singapore scheme. Please see https://safetravel.ica.gov.sg/connectsg/overview for more details.
- All entry/layover approval will require supporting documents (such as maintenance log, departure itinerary, letter of commitment, Annex A etc) and minimum 72 hours processing time by CAAS.
- All travellers entering Singapore, including Singapore Citizens, Permanent Residents and Long-Term Pass (LTP)/ In-Principle Approval (IPA) holders, must submit a health declaration prior to the flight. They will have to do so via the SG Arrival Card (SGAC) e-Service, or the mobile application that can be downloaded for free from Apple AppStore and Google Play. Singapore will require a copy of the acknowledgement form 3 hours prior to departure from point of origin.
- In line with the calibrated reopening of Singapore's borders, ICA will lift visa suspension and resume the issuance of new visas. Short-term visitors who require a visa to enter Singapore can apply for visas though a local contact, Singapore overseas mission, or authorised visa agent from 18 October 2020, 2359 hours. Visitors who had already been issued with visas which are still valid, as well as those who are eligible for the visa-free transit facility, do not need to re-apply/ apply.
- Possession of a valid visa alone does not guarantee entry into Singapore. All short-term visitors must still seek prior approval via appropriate COVID-19 travel channels (e.g. obtain a Safe Travel Pass under Green/Fast Lane arrangements, or Air Travel Pass) before they can enter Singapore. More information will be available at ICA's website (https://www.ica.gov.sg/covid-19).
- With effect from 31 January 2021, 2359 hours, visitors applying to enter Singapore under the ATP and RGLs will need to have travel insurance for their COVID-19-related medical treatment and hospitalisation costs in Singapore, with a minimum coverage of S$30,000. The travel insurance will help them pay for the costs of their medical treatment in Singapore. The visitors can purchase the travel insurance from Singapore-based or overseas insurers. A list of available insurance products can be found at the SafeTravel website.
